

SERIE EP-BTS 146/I (Centrifugal fan with simple inlet)

- Suitable to convey clean air and flue gas with temperatures until 60°C
- Made in painted steel

TECHNICAL FEATURES:

- Electrical motor 2 poles: Air flow from 150 to 410 m³/h with Pressure until 36 mm H₂O;
- Electrical motor 4 poles : Air flow from 75 to 210 m³/h with Pressure until 9 mm H₂O;
